Protect every life story™ in your lab.

LaserTrack™
PH1 Cassette Printer

- **Reliable, High Resolution Text & Barcodes**
  Cassettes are printed using an innovative laser technology that creates the precise, clean edges and clear lines a barcode requires to produce a nearly perfect scan rate throughout the tracking process.

- **Optimized Cassettes**
  LaserTrack cassettes are specifically designed and optimized for use in LaserTrack cassette printers. This design results in effective movement within the instrument that reduces jamming and produces optimal scan rates of nearly 100%.

- **Unsurpassed Print Speed**
  The PH1 prints cassettes at a rate of one every three seconds. Four easily interchangeable magazines hold up to 80 cassettes each.

- **Ancillary Consumables Eliminated**
  The Phaser cassette is all that is required. Hot foil tape, light bulbs, ink cartridges, printheads, and filters are not necessary.

- **Compact Footprint**
  At only 15” x 8” x 18”, this unit fits easily into any size work space.
Product Specifications:

<table>
<thead>
<tr>
<th>Dimensions: Lx Dx H</th>
<th>(15 x 8 x 18) (38.1 x 20.32 x 45.72) (in) (mm)</th>
</tr>

</table>

Capable of interfacing with:
- Cerner
- Epic
- Sunquest
- MEDITECH
- Other LIS/LIMS systems

---

**G1-205-CLD01 LaserTrack™ PH1 Laser Cassette Printer**

Includes:
- Power Cord
- USB Cable
- User Manual
- 1 magazine with 3 spare magazines
- Operating Software

---

**G1-2EE-9844 LaserTrack™ Collection Tray**

---

**Cassettes**
