

Political Committee

The Florida Society of Pathologists is committed to protecting our patients and our profession. We have an active legislative committee that strives to educate the Florida Legislature on major issues affecting our profession and to help deter negative encroachment. To be successful in our legislative efforts, the FSP Political Committee needs strong financial support. If we are not helping to elect candidates who are friendly to pathologists and pathology laboratories, someone else will support candidates who may not be interested in protecting the integrity of our medical license. Please consider making a contribution or sign up for an automatic monthly deduction on your credit card. Your help is sincerely appreciated.
